T.N.: [a] "The air unit" is a literal translation. It is known that this term is used to describe a jet engine.

[b] SKOROST' 550 MIL' ODIN KONETs. The meaning of this sentence is obscure.

[c] The word order in the Russian text shows that the phrase "through the HOUSE" is stressed.

[d] Not available.

Comments: [i] STRANA: the USA.

[ii] Presumably Lawrence Dale BELL, of Bell Aircraft Corporation.

[iii] DOM: apparently a Soviet installation, possibly in MOSCOW.

[iv] MAGAZIN: the Soviet Government Purchasing Commission in the United States of America.

[v] Probably William Alfred PLOURDE, an engineer who was Director of Contracts at Bell Aircraft Corporation, BUFFALO, N.Y., in 1944. PLOURDE resigned his position with Bell Aircraft on 20th January 1945. It is known that while he was still with the Corporation he had contact with Russian officials who were known to be MGB agents.

[vi] MAJ: Pavel Ivanovich FEDOSIMOV.
